* Flat Fee MLA generally refers to the practice in the real estate industry of a seller entering into an "à la carte service agreement" with a real estate broker who accepts a flat fee rather than a percentage of the sale price for the listing side of the transaction. The buyer's broker is still typically offered a percentage though that could be a flat fee as well. A Flat Fee MLS brokerage typically unbundles the services a traditional real estate brokerage offers and lists the property for sale in the local Multiple Listing Service (MLS MLA) à la carte without requiring the seller to use its services for valuation assistance, negotiating, transaction management and showing accompaniment.
